WELCOME

CROMER GOLF CLUB IS LOCATED ON SYDNEY'S NORTHERN BEACHES.

Adjacent to the Narrabeen Lagoon and the surrounding Garigal National Park, this is one of Sydney's premier courses with first class facilities.

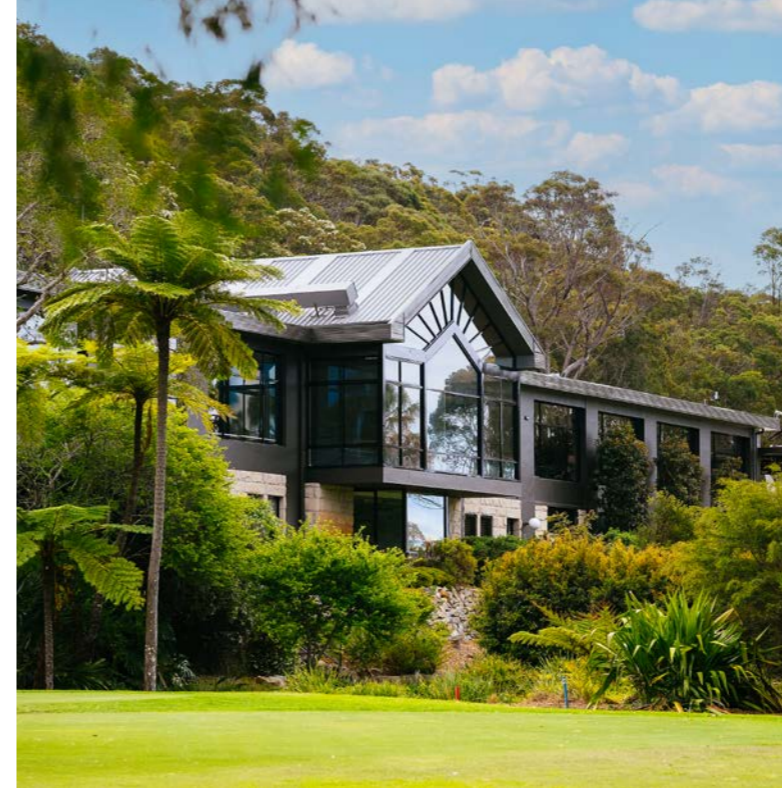

Buffered from the sound of city traffic, the course has a classic bushland setting with native flora, an abundance of birdlife and other wildlife with a cool breeze from the calming water of the Narrabeen Lagoon. Strategically placed bunkers, creeks and ponds all contribute to making Cromer a wonderful golfing experience.

Cromer's clubhouse offers excellent dining and bar facilities. Special occasions, corporate days, weddings, wakes and life celebrations are held in a selection of function spaces, all of which provide superb views. The lounge area includes a fireplace to warm toes in the winter and an open deck for fresh air and drinks in the summer.

We are a favourite destination for corporate golf day groups, many of whom return year after year, so much do they enjoy the experience.

Enquiries for golf membership at Cromer Golf Club are welcomed. We also welcome members of the local community to use our clubhouse facilities and offer a Clubhouse Membership.

Cromer Golf Club's relaxed pace and friendly atmosphere all contribute to an escape that is only 40 minutes' drive from Sydney CBD. You are warmly invited to come and experience this wonderful setting for yourself.

HISTORY

CROMER GOLF CLUB'S ORIGIN GOES BACK TO 4 AUGUST 1926 WHEN A GROUP OF GENTLEMEN MET IN THE OFFICE OF F.W.A. EAGAR AT MANLY.

They resolved to form the Cromer Syndicate pending formation of Cromer Ltd. with the object of constructing a golf course. F.W.A. Eagar was appointed manager and authorised to purchase one hundred and five acres of land at South Creek on Narrabeen Lake, known as Cromer, from A. Johnson for 11,750 pounds.

Unfortunately, by mid-1927 Cromer Ltd. was in financial trouble and sold out to Max Cooper, a builder of repute, for 19,000 pounds.

He immediately floated the company, Dee Why Golf Links Ltd. and on 21 October 1927, released a prospectus inviting the public to subscribe for 15,000 one-pound shares and 600 debentures of 25 pounds.

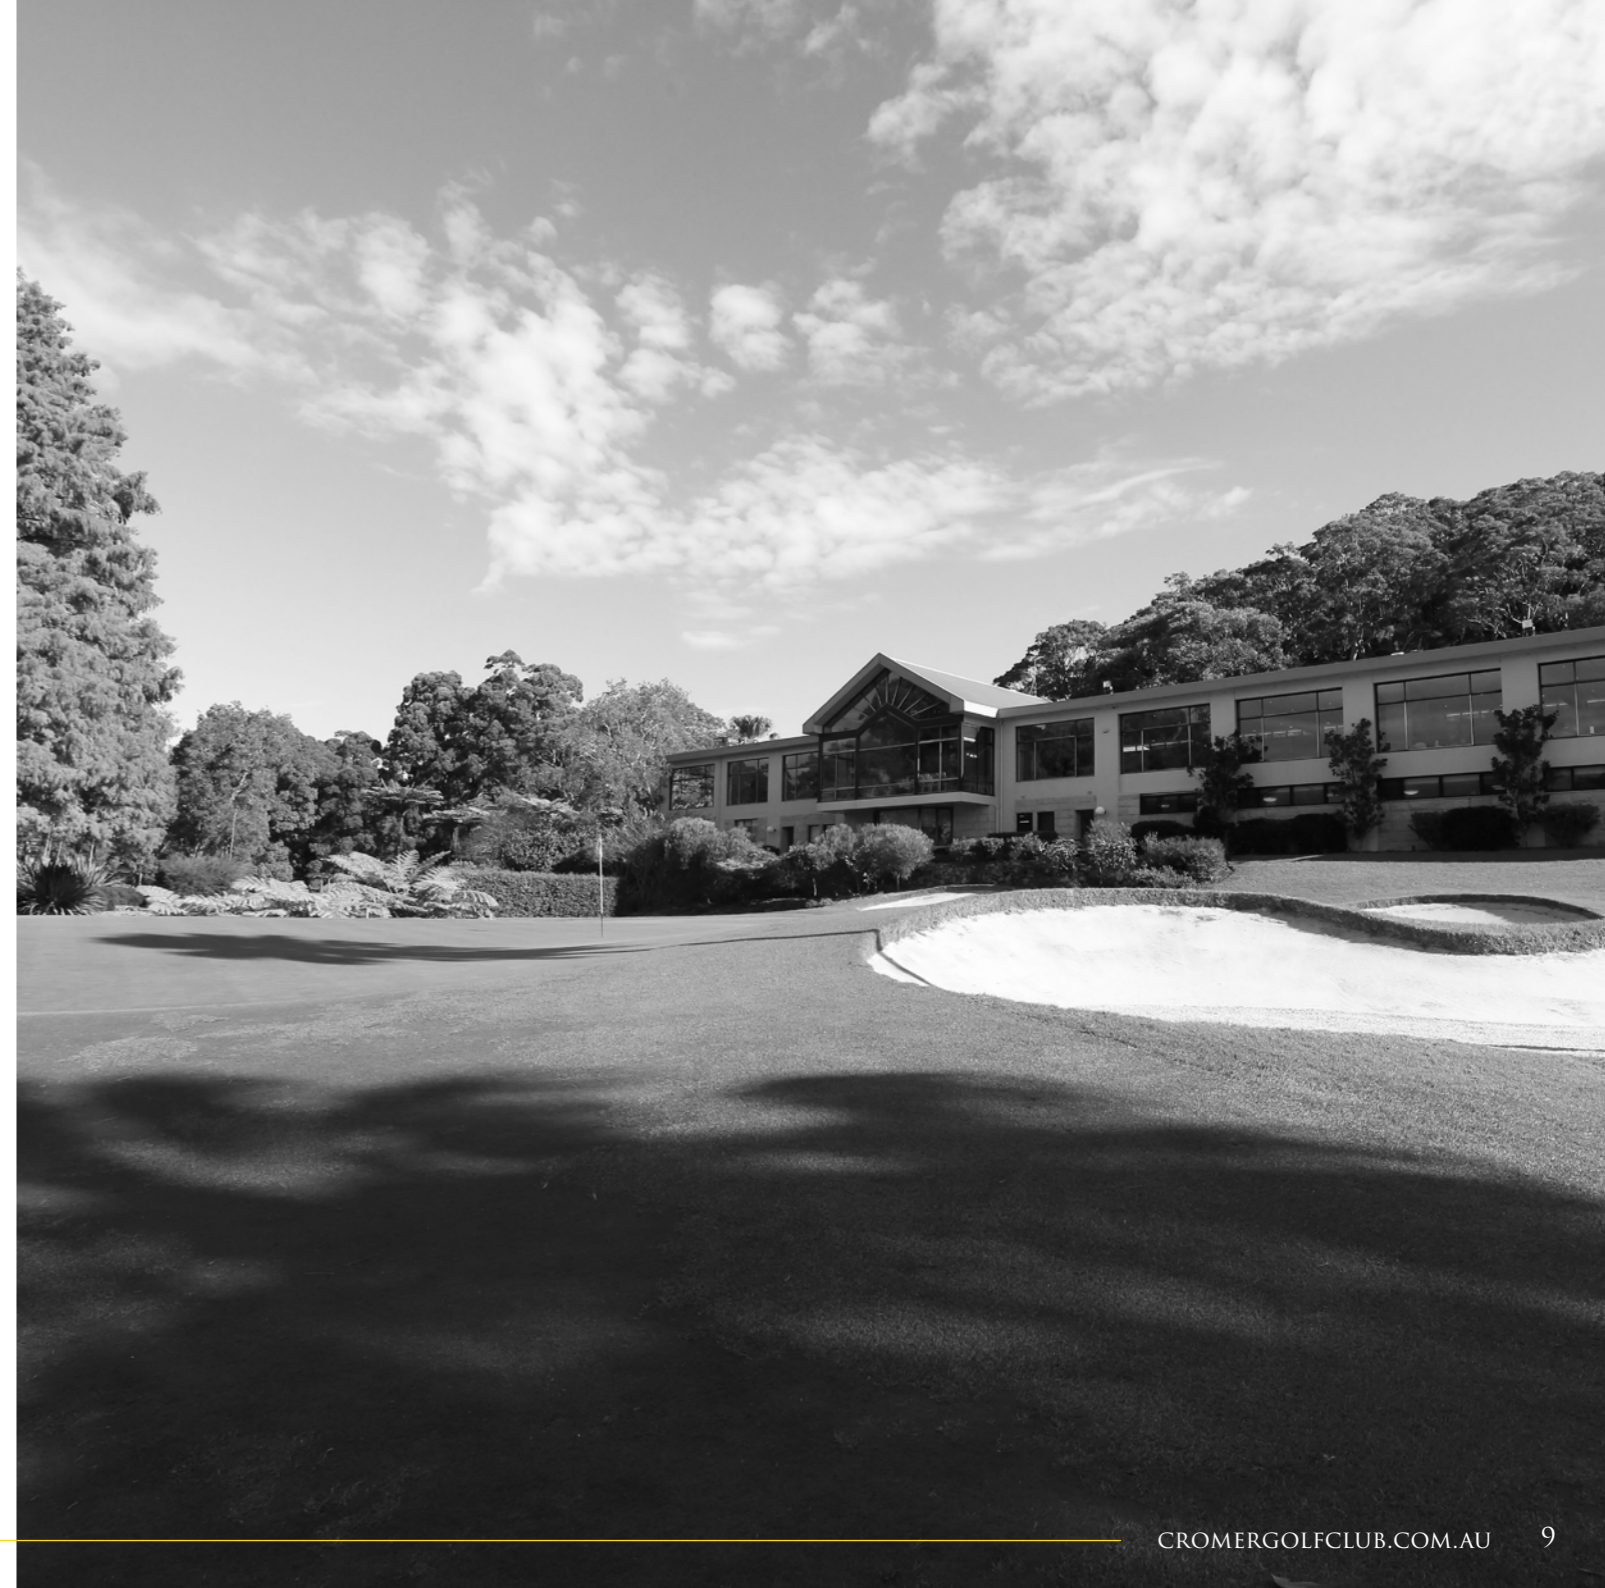

On 8 June 1929 the Club – then known as Dee Why Golf Links Ltd. – was officially opened by the Deputy Premier, the Hon. E.A. Buttenshaw, who drove a ball off the first tee.

The designer, William Whytock, an English golfer who designed Long Reef Golf Course, played a round with the Deputy Premier. The course began life as a nine-hole layout, but within three years 18 holes were open for play.

Also in attendance on opening day was Max Cooper, whose determination to see a golf course thrive on this special piece of land was to see several acts of benevolence over the years.

Following Max's death in 1947, a trophy was inaugurated in his honour and the Max Cooper Memorial Plaque remains one of the most prestigious pieces of silverware any male Cromer member could win.

Dee Why Golf Club became Cromer Country Club Ltd on 31 March 1940, with the Club assuming its current name in 1955.

MANY WONDERFUL AND WELL-KNOWN GOLFERS HAVE ENJOYED THE CHALLENGE LAID DOWN BY CROMER OVER THE YEARS, BUT PERHAPS NONE MORE SO THAN NORMAN VON NIDA.

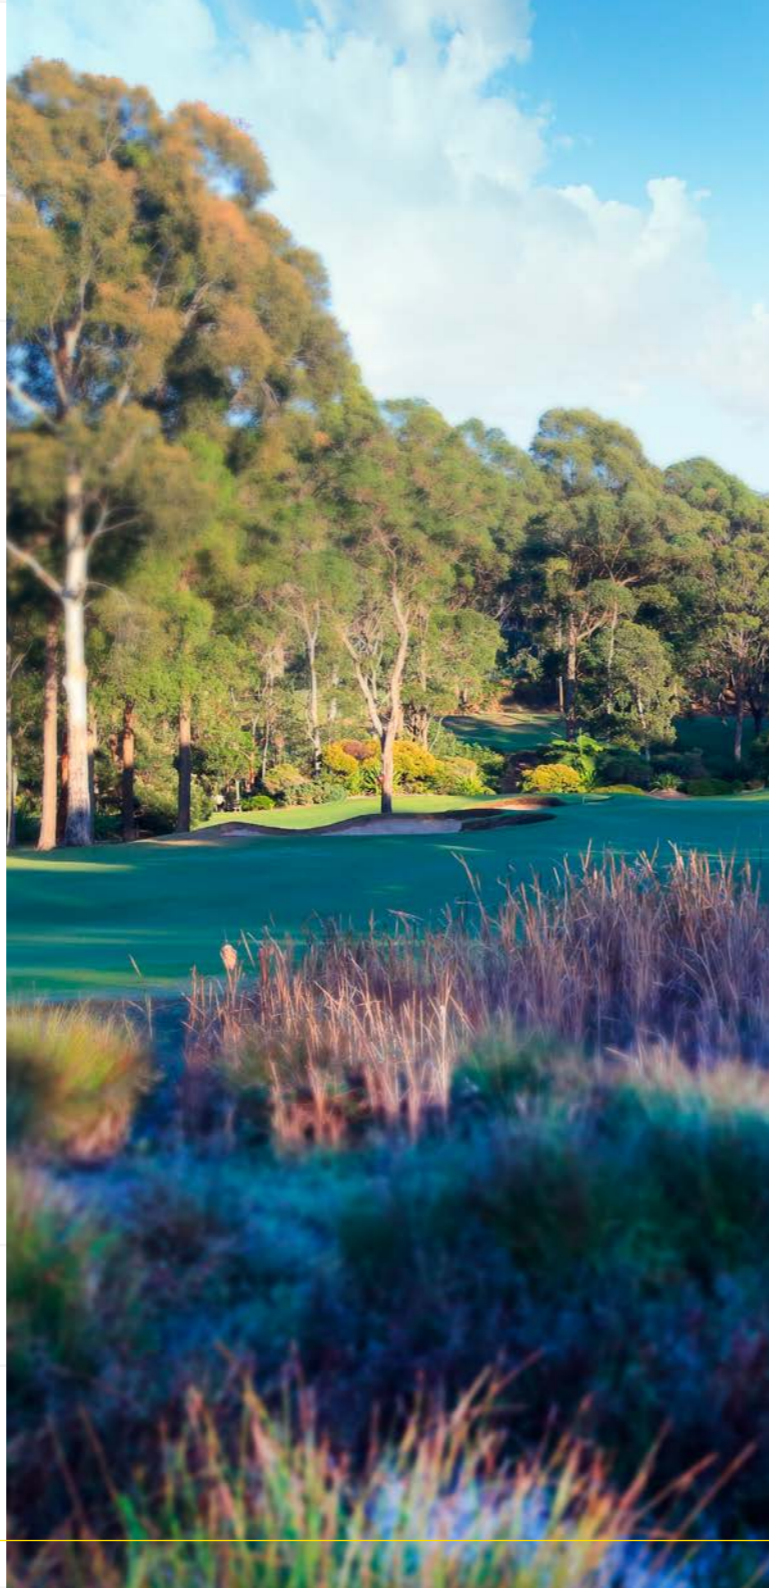

The Queenslander, who won three Australian Opens and four Australian PGA Championships, held the original course record of 67. However, he returned in 1946 and lowered that mark by a further three shots. The Sydney Morning Herald said of the feat: "Club officials consider von Nida's round one of the greatest played in Australia."

As well as being a fearsome competitor, von Nida was renowned for his short temper and was also known to hurl his putter into the bushes after missing putts and breaking or losing them mid-round.

He obviously found the greens at Cromer to his liking that day, as thousands of golfers have done since.

The golf course layout has had a number of changes over the years. Most recently, course architect James Wilcher was engaged to enhance Cromer as both a test of golf and a golfing experience.

The result is a wonderful golf course and you are invited to experience it as a member, a guest, or a corporate golf participant.

THE COURSE

CROMER IS ONE OF THE PREMIER PRIVATE GOLF COURSES IN SYDNEY HAVING BEEN RE-DESIGNED AND ENHANCED BY LEADING COURSE ARCHITECT, JAMES WILCHER. THE PUTTING SURFACES ARE RENOWNED FOR BEING SOME OF THE BEST ANYWHERE IN SYDNEY.

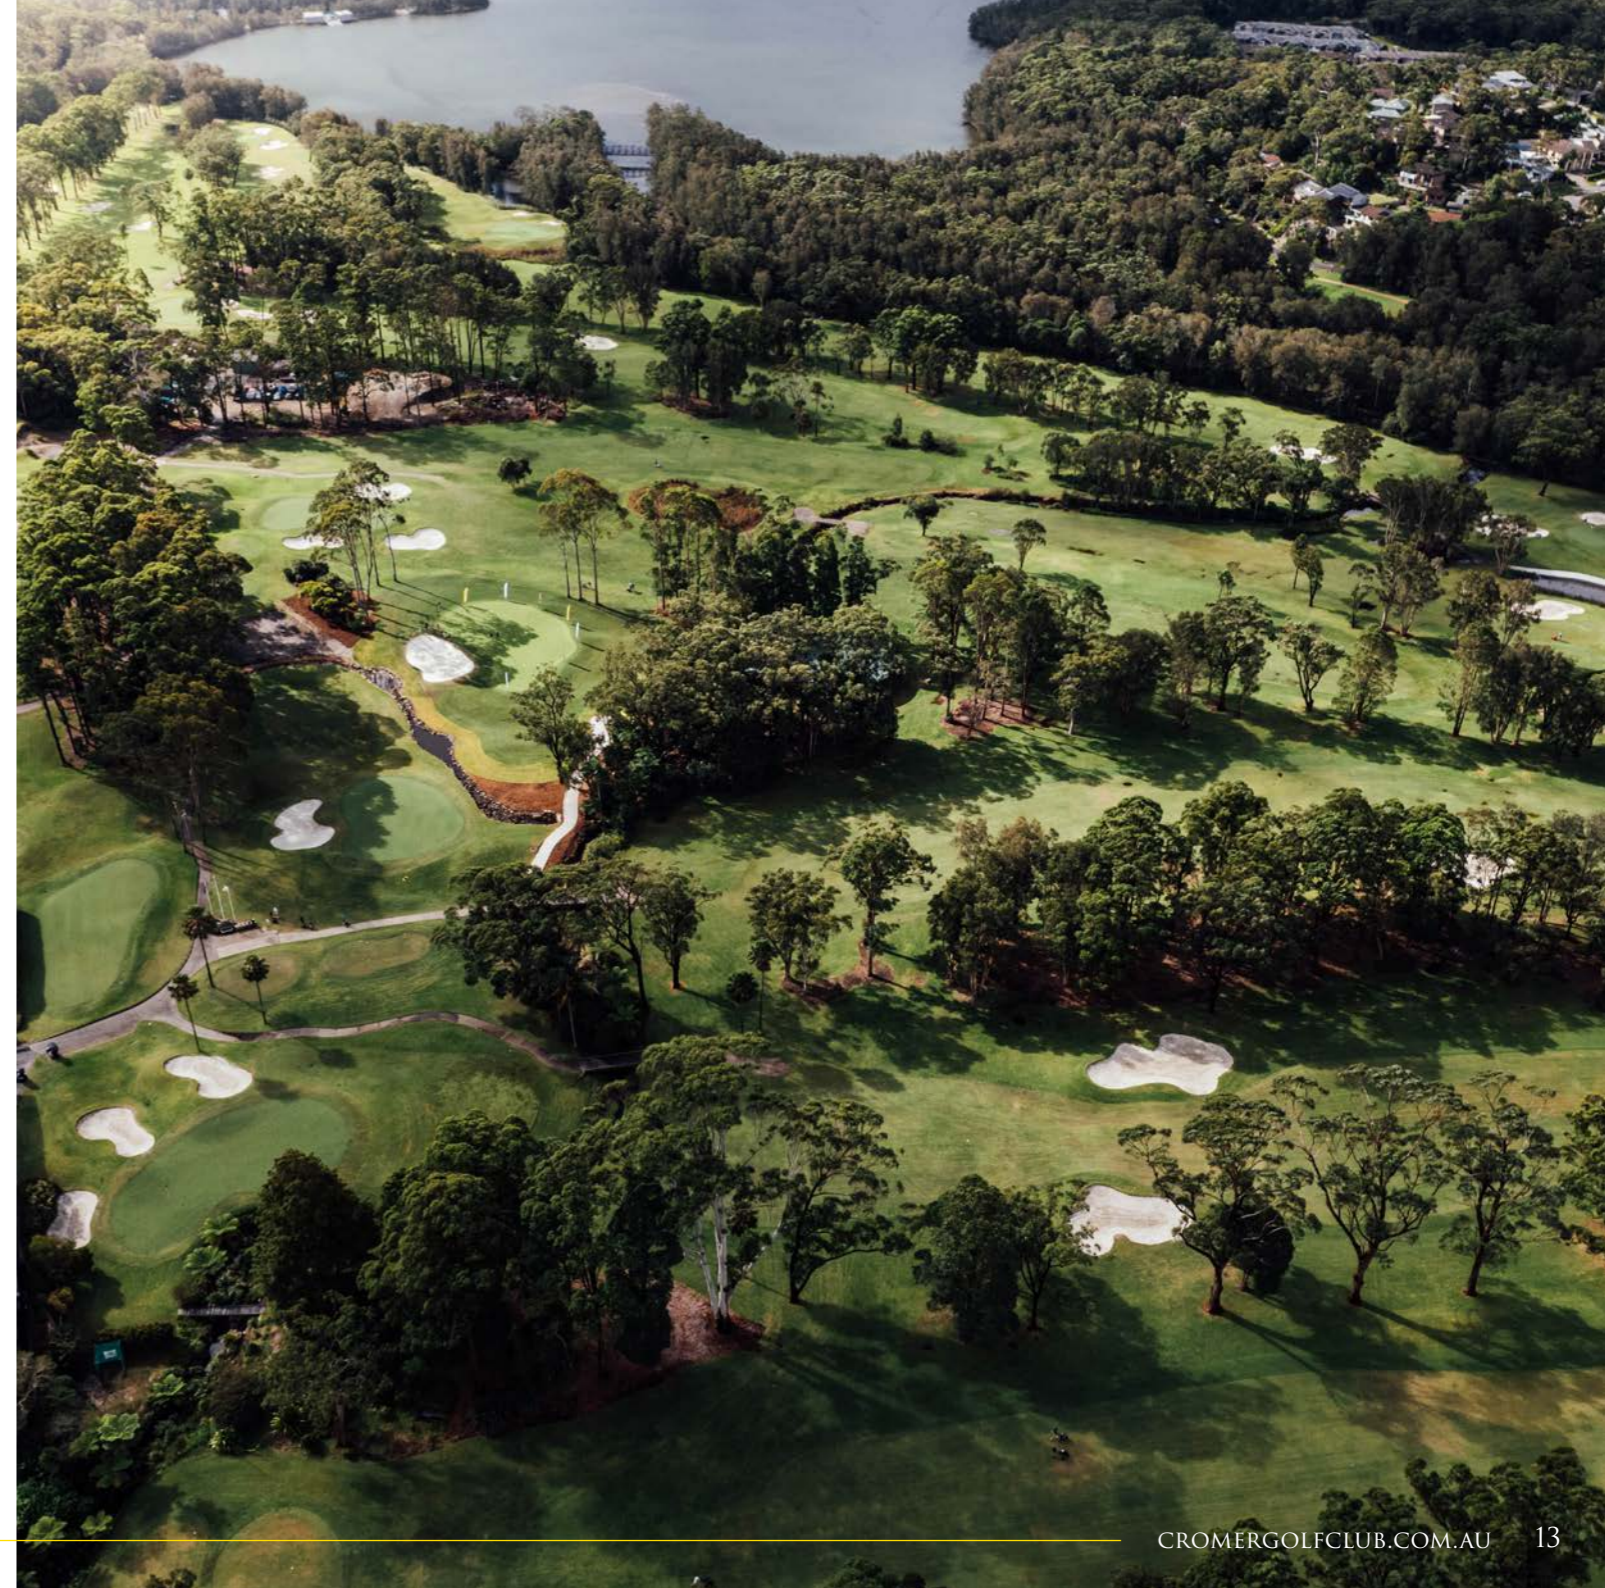

For men the black championship plates play a par-70 layout that stretches to 5,990 metres with three par-5s and five par-3s. The Australian Stroke Rating is three shots higher than par, which confirms the fact that this is considered one of the more challenging courses on the Northern Beaches. For women the red championship plates course is a par-72 layout of 5,327 metres.

Yes, the layout is testing, but never unfair, and is playable by golfers of all abilities. The slope handicapping system means Cromer is very friendly to new or returning golfers with access to shorter tees to make the game more enjoyable.

The course may be renowned for being one of the more testing in the area, but there are never any shortage of birdies. Black Swans, Kookaburras, Kingfishers, Fairy Wrens, Galahs and Sulphur Crested Cockatoo are just a few of the popular sightings recorded by our bird-loving membership in recent times.

Cromer Golf Club follows best environmental practices, managing its course in an ecologically sensitive manner. Many natural features of the area have been retained, including creek beds and water holes, and other enhancements made, such as the planting of thousands of trees over the years. The course complements the natural surroundings rather than being at odds with them, and the result is a haven for wildlife.

Surveying the beautiful surroundings it is hard to imagine that the golf course occupies a site that was once described as "sour, swampyland". Over time it has been transformed into a wonderful bushland golf course appreciated equally by golfers and the local wildlife.

TOUR THE COURSE

WE HOPE YOU ENJOY YOUR TIME WITH US AT CROMER GOLF CLUB. HERE ARE A FEW USEFUL TIPS AND COURSE NOTES, WHICH SHOULD HELP YOU MAKE THE MOST OF YOUR ROUND IF YOU HAVE NEVER VISITED US BEFORE. DISTANCES SHOWN ARE FROM THE CHAMPIONSHIP TEES.

HOLE 1, 359 METRES, PAR 4

From the tee, a bunker guards the right-hand side of the narrow fairway. Long hitters ideally fade off the left side of the bunkers, leaving a short iron to the green. A small pond, short and to the right, guards any loose shots.

HOLE 2, 180 METRES, PAR 3

This uphill par 3 is protected by two deep bunkers at the front, and one shallower bunker long and to the left. The green is long and set at an angle, making a high and soft landing shot the ideal tee shot here.

HOLE 3, 445 METRES, PAR 5

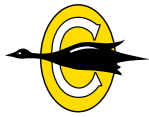

An ideal tee shot will start to the right side of the fairway and gently draw, making the most of the down-slope on the fairway. Players failing to reach the 200m marker on the fairway would be best advised to lay up short of the creek.

HOLE 4, 135 METRES, PAR 3

The “Waterfall hole” demands an accurate tee shot over a meandering creek that guards the entire front of the green. The green has many subtle breaks.

HOLE 5, 416 METRES, PAR 4

One of the most demanding tee shots. The landing area on this long hole slopes to the left and is protected by a large fairway bunker. Long hitters can carry the fairway bunker, with the left side of the fairway being ideal to approach the green. The green is long and guarded by a bunker to the right.

HOLE 6, 372 METRES, PAR 4

A slight dogleg-right hole is well guarded by a right-side fairway bunker. Ideal tee shots will play to the centre or left centre to avoid the bunker. This long and narrow green is guarded by bunkers to the left and long right. A creek guards the back of the green.

HOLE 7, 362 METRES, PAR 4

An accurate tee shot is required down the left side avoiding the right fairway bunker and will be rewarded with a short second shot to the green. A well-bunkered and long sloping green helps protect the par of this hole and careful club selection is needed.

HOLE 8, 351 METRES, PAR 4

Avoid the bunkers right and left of the fairway from the tee. Once on the fairway, players are faced with a water carry, with a creek that extends short and to the left of the green. Back-left pin positions require precise shots, as the bank slopes left towards the awaiting creek.

HOLE 9, 178 METRES, PAR 3

Very strong uphill par 3. Shots played to the left, and front of the green, will generally feed down to the front. The green slopes heavily from left to right, with a lengthy tier through the middle.

HOLE 10, 503 METRES, PAR 5

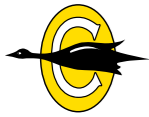

Sweeping views of the course can be enjoyed here from the elevated tee. This hole tests one's best course management skills. A tee shot to the left of the fairway is ideal, as this will avoid a pond to the right and open up the fairway for a second shot. A creek winds across the fairway and continues along the left side of the hole, ensuring accuracy for second shots. Once negotiated, a pond short and to the right of the green sits hidden behind a fairway bunker. Another pond awaits for stray shots well right, and short of the green.

HOLE 11, 381 METRES, PAR 4

The tee shot ideally requires a slight right-to-left shape to follow the gentle dogleg of the fairway. A bunker guards the right side for longer hitters. Play to the elevated green needs to avoid a line of bunkers short and to the right. The long green slopes from left to right and provides some late-breaking, and very quick, downhill putts.

HOLE 12, 423 METRES, PAR 4

Sweeping views of Narrabeen Lake can be enjoyed from the tee before tackling one of the most challenging par 4s at Cromer. Out of bounds awaits left and tall trees line the entire hole to the right. Long hitters will generally carry the right-hand fairway bunker. Once on the fairway a downhill second shot to a long and relatively flat putting surface awaits. Shots played short and to the right of the green face challenging pitches.

HOLE 13, 390 METRES, PAR 4

An accurate drive to the left-centre of the fairway avoiding the imposing trees on the right will soften this demanding par 4. Longer hitters can weave their drives between the bunkers that guard both sides of the fairway. From the fairway an uphill second shot requires an extra club to reach the long green. The green is protected by gentle bunkering to the right and to the left.

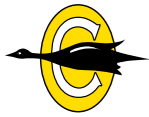

HOLE 14, 314 METRES, PAR 4

This short par 4 offers an excellent birdie opportunity. Long hitters can take on the green from the tee, however this requires a very high flighted drive over a gentle dogleg left fairway. The conservative player will position the tee shot short of the cross bunker and to the right of the fairway, leaving a short second shot to the green. A careful club selection at the green is required to avoid landing on the steep front area of the putting surface. Any shots pulled left and long will certainly meet with a wet ending as a pond awaits.

HOLE 15, 170 METRES, PAR 3

Enjoy the views of Narrabeen Lake before teeing off at this challenging par 3. Two bunkers are carefully positioned for shots pulled short left of the green and a hazard protects the back, left and right side ready to catch any loose shots. Putting on this green is made more testing by a knoll positioned in the centre.

HOLE 16, 480 METRES, PAR 5

A hazard lines the entire length of the hole to the left leaving only the bold to strike their tee shot in the ideal left-centre position of the fairway. Long hitters may attack this green in two shots, however a creek guards any shots short, and a pond to the right will catch out sleepy players. The conservative play from the fairway is to lay up just short of the fairway bunker, leaving a relatively easy shot to the green.

HOLE 17, 370 METRES, PAR 4

Longer hitters will need a long iron or hybrid to avoid a creek stretching the width of the fairway on this demanding par 4. The second shot plays to an uphill green requiring half a club more than the yardage suggests. Careful attention should be paid to noting the pin placement, as the well-bunkered green is very undulating, and expert putting is required to negotiate a tier and late breaking putts.

HOLE 18, 161 METRES, PAR 3

A meandering creek hugs the left and front of the green, and a generous bunker protects the right side. Finish below the hole to avoid any severe breaking putts.

WOMEN'S GOLF

CROMER ENJOYS A HIGHER THAN THE NATIONAL AVERAGE NUMBER OF WOMEN AS MEMBERS AND THERE IS EQUALITY WITHIN THE CLUB'S MEMBERSHIP OFFERING AND TEE TIME ACCESS, WHICH IS SOMETHING WE ARE RATHER PROUD OF.

Yes, there are days when men and women enjoy their own competitions. But on every other day of the week where we have a competition women and men have equal booking rights.

New players who find the prospect of joining a traditional golf club a little daunting need not worry. Perhaps they are intrigued by the game and the new friendships and social circles it will offer, but unless they know anyone at their local club it's difficult to take the first step.

That's not the case at Cromer - we would be delighted to see you and have just the thing for those looking to try golf for the first time, or those who have played before and are looking to return to the game.

The Cygnet Golf Program is a series of 16-week courses run by the Club Professional throughout the year and is designed specifically for newer players and less experienced golfers. The program consists of 3 levels catering to varying skills and capabilities.

THE CROMER BOWL

THE CLUB IS PROUD EACH YEAR TO HOST THE CROMER BOWL, OUR VARDON TROPHY EVENT RUN IN CONJUNCTION WITH GOLF NSW.

The Cromer Bowl is open to male amateur golfers who hold a current Australian or overseas equivalent handicap of 4 and under and to Cromer members with a handicap of 10 or below. Players are required to register with Golf NSW to participate.

The competition carries with it a sizeable purse and attracts some very good golfers. For the spectator with a few hours to spare it offers the opportunity to see play of the highest standard.

Vardon Trophy events are run throughout the calendar year by many of the leading clubs in New South Wales. The winner of the overall competition is the player who has recorded the lowest scoring average over the year and has played a minimum of 25 rounds, so they need to be a consistently good and very dedicated golfer!

Details of the Cromer Bowl are always publicised well in advance on the Club website, www.cromergolfclub.com.au.

THE GRASS IS GREENER WITH NICK DUCHATEL & HIS TEAM

From day one I met Nick Duchatel from Belle Property at Dee Why, I was impressed with his knowledge, the thorough process and the professional approach to marketing and selling a property. I had the experience of buying through Nick (in 2016) and more recently selling my house through him. On both occasions I was very happy to deal with him and his team.

There are many good things about Nick and his team that have impressed me and my wife. I would just mention a few in this review. Total package solution, market appraisal, assistance to ready the property, excellent and regular communication and updates, always available to answer calls and excellent overall support. My wife and I were totally comfortable with all the advice given to us and the decisions Nick made. He achieved the best result for us.

We highly recommend Nick Duchatel and I would go to him again without any hesitation.
